ance Notes on Codes and Abbreviations" appearing at the begin-  
ning of each regular issue of the PCT Gazette.

(54) Title: PREPARATION AND FOOD PRODUCT COMPRISING AN ACTIVE PHYTASE

(57) Abstract: The invention relates to a preparation comprising an active phytase, a phytate and an essential cation, said prepara-  
tion being characterized in that at least part of the essential cation is bound to phytate. The preparation may comprise between 1 and  
100 FTU phytase per gram phytate, between 1 and 50 g essential cation bound to phytate and between 50 and 99 g of phytate per  
100g of essential cation bound to phytate. The essential cations are selected from the group consisting of calcium, zinc, iron, mag-  
nesium, cobalt, molybdenum, manganese, chromium, copper or a combination thereof. The preparation may comprise an additional  
component such as a chelating agent and/or an antioxidant. The invention also relates to a method for making the preparation of the  
invention and to its use for making a fortified food product. The invention also relates to a condiment, a cereal product or a soymilk  
comprising an active phytase.
